

CalPERS Education Center

Date: May 2007
Segment: CalPERS Education Center

Video Transcript

CalPERS is reaching out to educate more of our members and employers by offering new online instruction and online enrollment for education classes.

Introducing the CalPERS Education Center.

We're making member and employer education easier by using modern technology and integrating new multimedia features that help reinforce learning.

You can enroll in classes online, take classes online, receive notification of future classes.

You can also download class material prior to instruction. We also offer one-on-one counseling appointment at all regional offices that members can schedule online.

Enroll now through CalPERS online and experience the CalPERS Education Center for yourself.
